SUPPLEMENTARY RESPONSE

GROUP 120

The Honorable Commissioner of Patents and Trademarks
Washington, D.C. 20231
Sir:

In the response in the above-identified application which was dated May 1, 1980 and submitted to answer the Official Action of January 14, 1980, the amendment to claim 5 should be changed to read as follows:

Claim 5, delete "or 4" (first appearance only).

REMARKS

In amending the dependent claims of the present application to eliminate the dependency on two claims, Applicants inadvertently overlooked the fact that, in claim 5, the phrase "or 4" appears twice. Obviously, Applicants intended to cancel "or 4" only with respect to the claim dependency so that the claim should read as follows:

5. A compound of claim 3 wherein n is 3 or 4.

In view of the above amendment and discussion and those presented earlier, all bases for the rejection of the claims have been removed so that an early and favorable reconsideration of the present application is respectfully requested.

Respectfully submitted,

Cincinnati, Ohio 45215
